Exail to equip Royal Netherlands and Belgian Navies' Anti-Submarine Warfare Frigates

Haarlem, Netherlands, 29/11/2023 – Exail has signed a contract with RH Marine NETHERLANDS B.V to provide advanced inertial navigation systems and data distribution units for the Royal Netherlands and Belgian Navies' Anti-Submarine Warfare Frigates (ASWF).

"We extend our sincere appreciation to RH Marine NETHERLANDS B.V for placing their trust in Exail," said Hans-Willem Deleeuw, Director of Exail B.V. "This collaboration underscores our commitment to providing cutting-edge technology that enhances maritime defense capabilities. Our advanced technology is designed to meet the demanding requirements of modern naval operations, offering the Dutch and Belgian Navies with a strategic edge in anti-submarine warfare."

This partnership further reinforces Exail's position as a trusted provider of navigation solutions for naval applications worldwide. Exail's track record in naval navigation includes successful programs such as the Spanish Turia M34 minehunter and F110 multi-mission frigates, the US Coast Guard Keeper Class Buoy Tenders, the Norwegian and German Navies U212CD Submarines, as well as the latest French FDI and Spanish and Finland's Squadron 2020 project featuring four multi-role corvettes.

About Exail

Exail is a leading high-tech industrial company specializing in cutting-edge robotics, maritime, navigation, aerospace and photonics technologies. With a strong entrepreneurial culture, Exail delivers unrivaled performance, reliability and safety to its civil and defense clients operating in severe environments. From the deep sea to outer space, Exail expands their capabilities with a full range of robust in-house manufactured components, products and systems. Employing a workforce of 1500 people worldwide, the company benefits from a global footprint and conducts its business in over 80 countries. Exail was formed by ECA Group and iXblue joining forces in 2022. It is a subsidiary of Exail Technologies, a family-owned company specialized in high-technology.
